

Marketing

GlobalEd Solutions has invested in marketing throughout different countries to scout highly skilled international teachers. We focus on Spanish-speaking countries to introduce our services to recruit and train competent bilingual teachers.

Social Media

GlobalEd Solutions has a consistent and active presence online. We have a growing following in our social media accounts and are systematically running ads which targets specific audiences such as high school and elementary teachers as well as SPED and Kindergarten.

Recruitment Sites

GlobalEd Solutions has an active postings in various recruitment sites such as Indeed, Worldwide Monster Worldwide and CareerBuilder International.

Conferences and School Visits

GlobalEd Solutions has explored outside of the country market our services and search for competent bilingual teachers. We have sponsored teacher conferences in Latin American regions and visited school districts in Mexico and Columbia to spread the job opportunities available for them in the United States.

Local Business Partners

GlobalEd Solutions have sought assistance from local business to provide better services to the applicants who are aspiring to teach in the US. We partner with with local business such as recruitment companies to help us spread this employment opportunity. We also work with local loan agencies to provide financial support to applicants for the required and service fees during the hiring process.
